VISION

To be the first choice medium sized international school in Vietnam.

MISSION

To inspire excellence in international education so that our students achieve lifelong success, happiness and respect for all.

ADMISSIONS CRITERIA

The school admits students whose academic and personal needs can be met by the programmes and support services available at the time of admission. Different English proficiency levels are required for different Year groups. For applicants with special needs, placement decisions are made by determining if the school campus will be a suitable learning environment for the student given their particular learning challenge(s), and moreover, if sufficient learning support resources are available to address the student's academic needs at the time of admission. After their English and CAT4 tests (Years 2-13 only), applicants are required to attend a personal interview with the Head of School.
